Haudenosaunee Six Nations Confederacy Council

On Monday May 8, 2006 a representative of the Ministry of Education attended a discussion in Brantford with representatives of the Haudenosaunee Six Nations Confederacy Council and The Honourable David Peterson to discuss Six Nations concerns pertaining to the Ontario curriculum.

I understand that the Six Nations have expressed a desire to engage with the ministry in more substantive talks and that Mr. Peterson has requested a commitment from the Ministry of Education to participate in such a process.

As the Deputy Minister, I am pleased to confirm the willingness of the ministry to hold such talks with the representatives of the Haudenosaunee. I understand that arrangements to initiate this process will be facilitated through the province's Special Representative the Honourable Jane Stewart.

Yours truly,
